

Johnson County Community College  
Sustainability Expo & Dinner  
September 10th, 2009

4:00 to 7:00 PM – Vendor Displays & Discussion  
7:00 to 9:00 – Dinner and Presentation

The college is hosting this event to share with the community their commitment to sustainability on the campus and community. They would also like to give the general public the opportunity to meet local farmers & private businesses. Have open discussion about their back ground, production and general experience about their efforts. Vendors may also offer samples and or sell products.

Confirmed participants that also donate product for the dinner, will receive one free ticket to the dinner, a \$65.00 value. The college only asks for an appropriate donation of product for the dinner. Credit will be given to those individuals. This is also a fund raiser for the Student Environmental Alliance.

Vendors will park in the Regnier Center Parking garage on the lower level. The freight elevator and kitchen dock is on this level. Vendors can arrive as early as 2:00 to begin set up. A table or more if requested will be set up for with skirting.

If you are interested in confirming your participating in this annual event please contact:

Executive Chef  
Tim Johnson  
Johnson County Community College
